

LOOK BEFORE YOU LEAVE!

Help us spread the message:

NEVER LEAVE A CHILD UNATTENDED

In or around a motor vehicle **EVEN FOR A MOMENT**

Hundreds of young children die or are injured each year.

Most were simply forgotten.
Others were intentionally left.

The temperature inside a car can increase 20 degrees in 10 minutes. In 20 minutes, on a 75 degree day, the temperature inside a car can reach over **100 degrees.**

Look Before You Leave is supported by the following sponsors & partners:

2008 Fatalities by Type

Data Source: 4R Kids Sake National Database

Revised: July 16, 2008

Deaths and injuries to children left unattended in or around motor vehicles

<u>Year</u>	<u>Incidents*</u>	<u>Children Involved*</u>	<u>Fatalities</u>
2008	687	954	204
2007	725	942	232
2006	598	742	219
2005	454	553	226
2004	502	607	174
2003	610	762	189
2002	435	602	133
2001	403	524	124

These data vastly underestimate the true magnitude of this public safety issue.

* The CDC reports over 9100 children are treated in hospital emergency rooms due to nontraffic, noncrash incidents.
